RomeroThese guys are really hot and surprisingly yet so tender with their pets. January has handsome, fair, high cheek boned and long lashed Kyle looking tenderly with half closed eyes at his adorable little black and brown big brown eyed dog, Emma. It says Kyle likes to tell Emma all his secrets and get this, Emma likes to spread false rumors. Isn't that sweet and such a tease. I just love it! And all the pages are the same. They have guys for every taste, thin ones, real husky ones, and in between ones. They also have guys with different complexions from fair to dark. They have two African American guys and some guys that look like LatinoHot Guys and Baby Animals 2016 Wall Calendars. My mom says the guy on the cover looks like Mario Lopez and I agree. He's really cute with a winning smile. Too many dogs and not enough cats is my one complaint.4 of 4 people found the following review helpful. Fun, more variety neededBy GA TeacherWhat a fun concept for the calendar! My friend who loves traditionally "hot" guys and baby animals is going to LOVE this present. I wish they showed a little more of abs or full length shots (several close ups of the face for some months... as if that's what the viewers want to see?)

Pshh.) It was mostly dogs as the cute baby animals. Don't get me wrong, the dogs were mighty cute, but I'd like to see some more variety with the animals next time. I will be looking for the 2014 calendar next year. 0 of 0 people found the following review helpful. It went much appreciated and was passed around during the gift exchange to share the delight.
