read. I am in great awe of you for all you went through, all with your head held high! You go girl! Miss Perella will be so proud! Cosmos all around(my favorite drink of choice)! BTW, big boobs are so over rated and so not worth it! 1 of 1 people found the following review helpful. I love how Connie brings a DARK time in her life to LIGHT for all to see! Let's face it, when a white coat touting doctor and her posse deliver a breast cancer diagnosis, your life has a way of turning upside down and even a little sideways. And when you're a 39 year old single, working mother of two, the roller coaster ride that ensues will either lead you to a straight jacket or a back brace. Connie Bramer gives laugh out loud humor to her adventure, along with poignant moments of self-discovery as she blogs her way to good health. Follow along with her adventure and bare witness to her crazy antics, the comments of love she received, and the unwavering support of her friends and family that helped to get her through.
