"Fiction" is Relative, not Absolute. No one perspective, even by itself, is Absolute.There is no "I" nor is there "Team". I highly recommend this title, especially

for anyone choosing to see outside of their own terms. 2 of 2 people found the following review helpful. She has a beautiful face  
By Customer - Ron BI only read half of the book since I could not stand all the horrible stuff that seem to be happening to the women in the book. I now am using it for a door stop. The writing of the book is really good, but it is hard to get into the story. I am sorry that I just dont like the book. I am sure the writer of book is using the back drop of the past to talk about the present. If that is really the case then I feel really sorry for the people in her land, especially the women. If you really want to find out how things are and have been then this book will give you a very accurate review of that. 1 of 1 people found the following review helpful. needs to STOP SPAM NOW  
By Jedidolphnguy I am getting dozens of spam emails with this same spam, which is trying to appear like a book review... I do not support islam but I find this an offensive way of marketing or stirring cultural hate. Please let your voice be heard. Do not buy this book, and please ask to take it down or actively stop the spamming. Spam text follows (again, this is a spam text below and not my opinion nor my support. I am just Spamming back: How Fatima Started Islam  
A book like no other on this earth. Not a few cartoons or an infantile movie trailer but 234 page novel which insults Islam like no other. A parody of the always drunk proprietor of "Mohammad's Saloon Brothel" with his completely ridiculous life exposed. This moronic child molestating coward and fool who bumps his way through life oblivious to his manipulation as the figurehead of another new religion. Learn about his adopted son and heir Ali, the biggest swish ever to sashay across Arabia while sadistically running Mecca's largest boy's brothel. Only \$9.99 to laugh at, mock, and ridicule those fanatics who do not enjoy being ridiculed. A well written and extremely funny parody at .com. link to .com <https://www.com/How-Fatima-Started-Islam-Mohammads/dp/0578032902/ref> Observe the never sober Mohammad having sex with camels, pre-adolescent girls and boys, the mutilations, murders, terrorism, sneak attacks, back stabbings and mental illnesses. Absolutely no other novel is similar. Stick up for America by sticking it to Radical Islam. Also: There is a subtle effort to dissuade Americans from buying or reading this parody. The Mullahs of Radical Islam HATE the fact that we in the West can still purchase this book. They are pressuring and threatening to stop offering the novel for sale. They demand a world wide ban with criminal penalties under Sharia Law. Out of 6,000,000 books "How Fatima Started Islam" has the second lowest review rating, why, because has been flooded with well over 100 negative reviews with the lowest possible rating, reviewers who openly state that they would never ever buy or read a book insulting The Prophet, yet they take the time to tell you not to read it. The second lowest rating is a badge of honor, it shows how much the Ayatollahs of BAGHDAD and DAMASCUS and the murderous terrorist who killed our ambassador and burned our embassy in BENGHAZI do not want you to buy HFSI. Do not let these radical tin pot madmen, who think they rule the world and everyone in it, dictate to you what you may or may not read; purchase this important, well written, and extremely funny book.
