What kind of a mind does Mr. Clarkson have that consistently he can produce such relevant and/or witty columns. Subsequently, I have bought three more of his books.0 of 0 people found the following review helpful. The

Myth, The Man, Jeremy Clarkson !By Sam The ShamWhat can be said about the man who punched out Piers Morgan besides A Hearty Well Done Mate!?! Clarksons' personal observations of daily and the state of the rest of the world, and condense them down to book form. His writing is witty and humorous. Jeremy Clarkson is the weekend writer for the The Sunday Times when he isn't writing for the tabloid paper the Sun. He also is one of the three hosts for BBC's Top Gear (BBC America). Many of his stories are taken from those he wrote for the newspapers or experienced from Top Gear. So unless you read the British Press or watch a whole lot of "Top Gear" the stories will be fresh to you. Clarkson is a joy to read and after commencing you just don't want to put the current book down so you can get through it to await the arrival of your next Clarkson book purchase. He's spot - right - on about the issues he chooses to write about. The book is a good read and Jeremy Clarkson deserves 5 Stars, if for no other reason that putting up with James May! 0 of 0 people found the following review helpful. BrilliantBy CustomerAnother one of Jeremy Clarkson's spectacular writings, whether it is presenting Top Gear or writing up an article, he makes everything exciting. Generally, I don't care for reading books, but this one I couldn't bring myself to put it down. I was entertained during every page and laughed aloud pretty much the whole time. However though, Clarkson has a tendency to be very opinionated. I could see how this could be offensive to some, but there is really nothing wrong with writing your opinion. That's what makes the book come alive with voice. It's personal and exceedingly hilarious; you really can get a taste of Clarkson from this book which will almost certainly draw you back for more. I really would highly recommend the book, and that's coming from a person who would rather do quantum physics than pick up some so called "good reads." I would read it again in a heart beat, and that's the truth. It's the same story with Top Gear; I just can't change the channel. No matter how many times you see the same episode it never gets dull. Clarkson makes you love Top Gear and all of his writings. In one way or another you will find a way to love this book. Many topics are covered in this book, and every one of his articles has his finger prints all over it. This is a true work of Clarkson and you will not go wrong buying it, it was worth every penny.

How Hard Can It Be? is the fourth hilarious volume in Jeremy Clarkson's The World According to Clarkson series. How hard can it be: To build a power station without upsetting the eco-mentalists? To seek world domination if you've been hit the ugly stick? For the Met Office to get yesterday's weather right? In volume four of The World According to Clarkson, Jeremy Clarkson pours scorn on the nonsensical, the dumb, the idiotic and the plain foolish in his continuing quest to discover where exactly we've all gone wrong. Along the way he ponders: Whether conquering France might solve the immigration problem What happens when you ignore proper warning labels What would happen if we turned the internet off Often controversial, frequently scathing but always funnier than James May, Jeremy Clarkson shows us how we could so easily make the world a better place. 'Brilliant . . . laugh-out-loud' Daily Telegraph 'Outrageously funny . . . will have you in stitches' Time Out Number-one bestseller and presenter of the hugely popular Top Gear, Jeremy Clarkson writes on cars, current affairs and anything else that annoys him in his sharp and funny collections. Born To Be Riled, Clarkson On Cars, Don't Stop Me Now, Driven To Distraction, Round the Bend, Motorworld, and I Know You Got Soul are also available as Penguin paperbacks; the Penguin App iClarkson: The Book of Cars can be downloaded on the App Store.

About the AuthorJeremy Clarkson is a British writer and broadcaster who specialises in motoring.
