Scott Adams : How's That Underling Thing Working Out for You? (Dilbert) before purchasing it in order to gage whether or not it would be worth my time, and all praised How's That Underling Thing Working Out for You? (Dilbert):

0 of 0 people found the following review helpful. Dilbert Is Always GoodBy Anon YmousA great Dilbert book, but not the best. Lots of great new surprises, but some disappointing portions. Overall well worth it.0 of 0 people found the following review helpful. Dilbert is great! Writing reviews on a e-reader is stupid.By Jason C. MitchellOkay, these are chronological strips, not ones about a common subject. That's a good thing because you're not paying for strips you'll read elsewhere. Dilbert is very funnyNow to the important part. Why on earth would you ask people to write reviews on a e-reader? It's time consuming and painful. Here's an idea : Let people rate the book on their computer than finish the review on something with a keyboard. The review wouldn't get posted until it was finished. You get better reviews and readers suffer less. You're welcome.0 of 0 people found the following review helpful. not a good layout for a dilbert book on kindle fireBy Luisi love dilbert books, but this book kindle design failed to lure me in. the layout feels like it was copied and transferred to a pdf format. i got charged full price for a book that feels that is missing 95% of its content - i gave up on continuing to read this dilbert book because it failed at captivating me with its mediocre layout

AMP's Dilbert calendars are the best-selling calendars in the world, with sales over 400,000 every year. Pointless projects, endless meetings, and random downsizing make up the Dilbert world. For more than 20 years, Scott Adams's Dilbert has chronicled the problem-filled work world of pointless projects, questionable employment practices, and interoffice politics that eerily resemble our own 9-to-5 cubicle existence. In *How's That Underling Thing Working Out for You?*, Adams takes on the challenges of Elbonian sensitivity training, employee satisfaction surveys, confusopoly consultants, and more inside this new Dilbert book. If you agree that every indeterminable project has to have at least one WDG (Worthless Dumb Guy), or are subjected to results-free sensitivity training, questionable employee surveys, and freelance consultants that seem to offer little more than exorbitant invoices, then chances are you find the corporate cubicle culture philosophy represented inside *How's That Underling Thing Working Out for You?* alive and well inside your own work environment--and that's exactly what makes Dilbert one of the most successful and popular comic strips of all time. From Dogbert's invention of a beheading app to Dilbert's PowerPoint presentation that proves two monkeys could lead better than current management, *How's That Underling Thing Working Out for You?* chronicles corporate cubicle culture questionable training seminars and employee satisfaction surveys, along with made-up consultancies one Dilbert strip at a time.

About the Author What started as a doodle has turned Scott Adams into a superstar of the cartoon world. Dilbert debuted on the comics page in 1989, while Adams was in the tech department at Pacific Bell. Adams continued to work at Pacific Bell until he was voluntarily downsized in 1995. He has lived in the San Francisco Bay Area since 1979.
