From Brand: Bodleian Library, University of Oxford : How to be a Good Mother-in-Law before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to be a Good Mother-in-Law:

1 of 1 people found the following review helpful. This is a fun little book By GrandmaJudy This is a fun little book. I only wish I had read it BEFORE becoming a mother-in-law, but will pass it on to my daughter-in-law someday and she will then know how hard I tried. 0 of 0 people found the following review helpful. The book still received a good laugh, but I doubt anyone will actually read ... By BethCI bought this book as a humorous gift for my new mother-in-law. I didn't look at the specs before purchasing it, so was naturally surprised when it arrived and it was pocket sized. The content was okay, but not what I was expecting (as it was in paragraph format which made skimming it for a quick laugh a bit difficult). The book still received a good laugh, but I doubt anyone will actually read it. 0 of 0 people found the following review helpful. Five Stars By Collis414 Hilarious look at the "good old days" Somewhat scary truths too....

“Do not march into the drawing-room and, having inspected it, say, “What a nice room, but —” “Do not look at your son steadfastly and then turn to his wife and tell her he is getting thin.” “When you wax eloquently on the way to keep soup hot, you are merely asking him to shout on the house tops that he prefers cold soup to mothers-in-law.” These are just a few of the words of wisdom on offer in *How to be a Good Mother-in-Law*, the latest in a series of delightful advice books that also includes *How to be a Good Husband* and *How to be a Good Wife*. While the station of mother-in-law is not one celebrated for its sympathy and is the subject of no shortage of off-color jokes, this slim guide shows that it is possible to achieve accord—even friendship—with the man or woman your son or daughter has chosen to marry.
