**Shannon Wheeler : How To Be Happy (Too Much Coffee Man)** before purchasing it in order to gage whether or not it would be worth my time, and all praised How To Be Happy (Too Much Coffee Man):

4 of 10 people found the following review helpful. Shannon, What gives? By Consumer Person No personal review? No encouragement? 98% of the people who looked at this book bought the Complete Calvin Hobbes. Only 1% bought the book. Ack. (wait, that's Bloom County). Granted C H is classis stuff, but it is "classic". TCMC is one for our times.

Too Much Coffee Man has been percolating in the comics underground for years now, and like everything else that was once "alternative," he's sold out, been used by the man (as an advertising tool for Hewlitt Packard and Converse, among others), and is now middle-aged, depressed, broke, and cynical. Who better to write a book, then, called How to be Happy? Combining his signature formula of hilarious art, absurd but insightful observations, and bold humor, with his quickly deteriorating hope for humanity, Wheeler has crafted a comics collection custom made for the disaffected and disenfranchised.
