I'm disappointed.By NicholasWhen I first got my copy of this book, I noticed that it was alot smaller than I thought it would be. It was made like a children's book. There was'nt very much writing in it. The pictures in it were nice, though. I was hoping that this book would be an instructional teaching book about how to be a Santa Claus. I was very disappointed and I'm sending it back to the company where it came from.0 of 0 people found the following review helpful.
