Phil EnglishThis book is a delight for anyone who crosses paths regularly with academicians and the chattering class. It will be amusing to anyone who has served time in a university setting, the upper reaches of the professional world or the inner precincts of culture. The author provides a wealth of clever insights on how to visibly polish one's intellectual furniture . I recommend it to any fellow bargee seeking to crash the intellectual party while dodging the bouncers; it offers the initiated important clues for detecting faux sophisticates. A great read for thinkers for whom the world is a comedy.0 of 0 people found the following review helpful. Educating and amusing!By K. F. PeteWhat a funny and enlightening read!
