I had to number each step of every drawing so my 5 year old child knew where to stop and start. I had to draw arrows or stop signs on the bottoms of the pages because many drawings flow from one page to the next... but a little kid doesn't know that. The pictures were drawn to appeal to young children but the book isn't child friendly or made to look fun

on the inside. I wouldn't buy it again. You can easily find better on the internet to just print. It's a shame cause it would have not taken much to make this a better book for kids who love to draw Halloween pictures.
