How to be in an intimate relationship with the woman you love By Race Easy This is not a book about how to get sex, but how to be in a sexual relationship with the woman you love. This book is a good commentary on things we already know, but need to hear again, be reminded of again. Ali does this in a very direct, explicit, and entertaining way. More personal stories would have gotten this 5 stars. 2 of 2 people found the following review helpful. ... is just to get your attention and its a great one. Personally By jamar The

title is just to get your attention and its a great one. Personally, there were things I'd already known throughout about half the book. Although it does present some very interesting perspectives and even gives you a look inside of a womens head. She mostly talks about relationships and how to sustain a healthy sex life within your relationship while focusing on other aspects of the relationship as major parts. It's very entertaining, the author is funny and I recommend a purchase of this book.0 of 0 people found the following review helpful. Good read!By JasallanShe has an intelligent and interesting point of view. Several times she explained things I knew but never understood why this thing was what it was. It's good to have someone give us tip on how to deal with over thinking! She gives good personal examples.

Brazen, uproarious, slyly prescriptive, and always entertaining, Ali Adler is a sex and relationship guru who knows what women want. As a gay woman, she has both the equipment and the experience to give straight men (and the women who love them) advice on both how to get more sex and how to get this job done right. In her day job as a comedy writer and TV producer, Ali is sometimes the only woman in a room full of comedy writers. She became legendary for offering frank, sometimes insightful, often bossy reality checks and for translating female sexuality into words a man could understand. In her book, *How to F*ck a Woman* — 20 percent explicit instructions, 80 percent relationship advice, and 100 percent hilarious — she brings together essential advice for men (even the ones who insist they could write this book) and the women who want their lovers to truly understand them, both mind and body. With illustrations by New Yorker cartoonist Liza Donnelly.

"Ali's insights into relationships are emotionally and physically spot on. And, with her guidance, finally the right spot."-- Kelly Oxford, "New York Times" bestselling author of "Everything is Perfect When You're a Liar" "Ali has always been my guide to relationships/love for years now, and I feel grateful (and mostly jealous) to have to share her with the world."-- Sophia Rossi, co-founder and CEO of HelloGiggles "A candid, funny and incredibly insightful book filled with great advice about relationships. If I weren't John Stamos, I would really need this book." -- John Stamos "A candid, funny and incredibly insightful book filled with great advice about relationships.
