It is a book that if someone is thinking of taking up fly fishing they should have a copy. It took a long time to find a copy so when we did it was very welcomed.0 of 0 people found the following review helpful. Five StarsBy Kathleen M. BucholskyWas not for me but my son was pleased to receive it. He is an David fly fisherman.

This is fly fishing 101 with a light touch and amusing illustrations. Covers all the unusual subjects such as casting, reading the water, playing fish, and fly selection - - but without the intimidation sometimes found in fly fishing primers.
