but laugh out loud at this collection of stories. Usually with a book like this, most of the stories are rehashes of old stories you've already heard. However, I found a lot of new material here. Lots of laughs...the only problem is that I'm still not sure I can hit that second shot first. 0 of 0 people found the following review helpful. Chock Full of Golf Jokes By Virginia Allain If you need a golf joke to amuse your golf buddies during your next round or to insert into a speech or lighten up a dull meeting, you're sure to find one in this collection. Some are a bit sexy, so you'll have to choose your audience before using those. A fun book to have around to dip into now and then, though once you start reading, it's hard to stop. Some will sound vaguely familiar as these may have made the rounds before, but you'll still chuckle if you're a golf fanatic. 0 of 0 people found the following review helpful. Great material for the golf course By Sulliho This is essential reading if you are planning to be on the golf course with your friends or business associates. Very funny and readable. I highly recommend it for improving your humor handicap.

Two highly successful sports agents deliver a riotous compilation of risqu golf jokes guaranteed to improve a golfer's humor, along with his stroke.

'The book is punk poetry both at and by its finest' - Alternative Press 'Music is poetry. And artists from Something Corporate, Finch and more prove it in Revolution on Canvas, a cool new anthology of poems from your favorite indie rockers' - Teen People About the Author Jim Bronner and Bob Gilhooley each have a 1 handicap (if you only count the shots they should have hit on the first swing). When not on the links, Bronner and Gilhooley are both very successful sports agents who represent a number of well-known professional athletes.
