Entertaining and fun!By MichelleHow to Make Your Baby an Internet Celebrity continues Quirk Books' series of how-to books on Internet celebrity. Like the others, it's (intentionally) a little confusing whether the book is a great joke-book gift for new parents (who spend a lot of time on the Internet) or a serious guide on how to take cute videos of your new baby.

It's actually both. Throughout, it's a refreshingly brisk read. The jokey parts are seriously funny. And the tips — like those on sure-fire settings for entertaining baby videos — are seriously good ideas for capturing your child's adventures into life's many new experiences. Whether you decide to post your videos on YouTube (and use the proceeds to pay for Junior's college education) is up to you. The pictures are darling and the captions are quite clever. This would be a great gift for anyone with a new baby (including yourself) regardless.

In the twenty-first-century economy, there's only one way to guarantee your child a bright and happy future: make that baby an Internet celebrity. But how? In *How to Make Your Baby an Internet Celebrity*, you'll learn to assess your baby's best attributes (is she smarter than a chimp?), assign a compelling screen persona (clumsiness = on-screen gold), and plan the ultimate viral Internet video. Make your baby an Internet celebrity . . . because the world needs cuteness now more than ever!

"Stuffed full of laughs masquerading as tips and advice hiding as jokes. *How to Make your Baby an Internet Celebrity* shares dozens of wacky (but legit) hints for parents to optimize their baby's adorkable charms online.
