The more I read it the funnier it gets.....well, and even much of it is True and very reassuring.However when I show it to some non Jewish people they take it seriously, don't get what's funny and

ask Wierd questions like, "are you sure that it's a good idea to give your dog roast beef or chicken if he won't eat his dog food?".....so then when I say, "What dog food?", they get nervous and start talking about Science Diet and what their veterinarian said. 0 of 0 people found the following review helpful. Great Book For My Dog Loving Jewish Friends and Relatives By Happy Packrat After reading it myself I gave a copy each to two of my best friends. Not only did they love it, their wives did too! This book proves that there is truth in humor especially when it comes to dogs. 42 of 42 people found the following review helpful. Hilarious to the Tenth Power! By lilyrose "How to Raise a Jewish Dog" is the funniest book I have ever read. The authors state in the beginning that you don't have to be Jewish to raise your dog Jewish. You also don't have to own a dog, but it will enhance your enjoyment to have one, have had one or want one. It also helps to understand a modicum (schmodicum) amount of Yiddish. But that is also unnecessary. There were times when I was laughing so hard I had to stop reading because I couldn't see the print on the page. If humor is the best medicine, and I truly believe it is, this book should go a long way toward curing just about any ailment.

Questions to Ask a Breeder: 1. What kind of job is this, growing dogs? 2. Are these dogs nice? I mean of course they are. But if not, is this refundable? 3. Is this a stable business? Do you make a decent living? 4. Does the insurance kill you or is it okay? 5. Dogs are animals? does this mean you qualify for some kind of Federal ranch subsidies? 6. What do I say to people who want to know how I can spend \$1500 and up on a dog when there are so many dogs to be rescued from the pound? The (make-believe) Rabbis of the (fictional) Boca Raton Theological Seminary have developed the essential dog training program for raising a Jewish dog. For the first time, the same dynamic blend of passive-aggressiveness and smothering indulgence, that unique alloy of infantilization and disingenuous manipulation that created generations of high-achieving Jewish boys and girls, can be applied to create a generation of high-achieving Jewish doggies.
