**Ben Stein, Phil DeMuth : How to Ruin the United States of America** before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Ruin the United States of America:

0 of 0 people found the following review helpful. Thought provoking book By L. Swanson The authors discuss six areas in which the policies and attitudes of the last few decades have served to weaken the United States. The book is well researched and easy to read. It shouldn't be viewed as an in-depth discussion of the topics, but rather as a starting point for your further consideration of the issues. It's thought provoking, and more than a little concerning for those who love this country. 0 of 0 people found the following review helpful. Okay, Okay Already! By Dr. Charles

Dusenbury Ben Stein is intelligent. Ben Stein is insightful. Ben Stein is sincerely concerned about the America he loves. Ben Stein can be funny. Ben Stein certainly has a dead-pan delivery. Okay, now you know my opinion of "How to Ruin the United States of America". You want I should go on? Better maybe you should take a pocket edition of the Constitution and read it over a nice lochs and bagel. 1 of 1 people found the following review helpful. Love Ben Stein By Donna Corbino Have read others of him. Recommend him as a good read. It arrived in very good time, and well packaged and in very good condition. Thank you

On the heels of his very successful books, *How to Ruin Your Life*, *How to Ruin Your Love Life*, and *How to Ruin Your Financial Life*, Ben Stein, in collaboration with his pal Phil DeMuth, has tongue firmly in cheek once again as he comes up with surefire ways to ruin the greatest nation in the history of the human race.

**About the Author** Ben Stein can be seen talking about finance on Fox TV news every week. He has written about finance for Barron's and The Wall Street Journal for decades and contributes regularly to the AARP's Modern Maturity (now AARP: The Magazine). He was one of the chief busters of the junk bond frauds of the 1980s, has been a long-time critic of corporate executives' self-dealing, and has written several self-help books about personal finance. Phil DeMuth is an investment psychologist with a longstanding interest in the stock market. He has written for The Wall Street Journal and Barron's, as well as Human Behavior and Psychology Today. His opinions have been quoted on theStreet.com and Fortune Magazine and is president of Conservative Wealth Management in Los Angeles.
