Best seller written by an 8 year old.By Charles KeeI chose this book after seeing the author (now an adult) on To Tell the Truth as the youngest author (8) to have a book on the New York Times best seller list.This is a short but humorous book.3 of 3 people found the following review helpful. Cute Cute Cute.By DuffyMy 9 year old son was embarrassed when I purchased this for him as a gift but I totally caught him reading it multiple times!!! It even inspired him to write a book on How to be Cool. I haven't seen his finished product but the fact that he is reading and is interested in writing is just perfect for me.4 of 4 people found the following review helpful. Funny and so trueBy clarissaI taught fourth grade and the boys in the class read this book non-stop. One or two parents got all offended, came in all mad because they heard about "some book". When they actually read it they calmed down. The girls would read it and say, "yeah". The boys would read it and go, "oh, now I get it".

Are you smart enough to take over a girl's heart?Leave it to a nine-year-old to get down to the basics about how to win victory with a girl. How to talk to girls is for boys of all ages—from eight to eighty—and the girls they like. So read this book and then you're ready. Good luck!Tips:Comb your hair and don't wear sweatsControl your hyperness (cut down on the sugar if you have to)Don't act desperate
