BaileyLuckily my copy of the book arrived in a plain brown wrapper, or else Fluffy would have surely destroyed it before I came home. I took it into the bathroom and locked the door behind me. As the Oatmeal revealed the details of her insidious plot, she was sticking her sharp clawed feet through the crack under the locked door like a kitty reenactment of The Shining. I hid the book under my shirt when I left the bathroom although I could tell she was suspicious because she wove through my legs trying to trip me up so I would drop it and show my hand.Thanks to the Oatmeal, I now know the truth. She knows that I know that she knows that I know. She is watching me. I am waiting for her next move. It's like a game. Like a game of what?... yes, cat and mouse, my friend. Only this time she is

playing for keeps.7 of 7 people found the following review helpful. IF HE COULD READ, HANNIBAL WOULD HATE THIS BOOK, BUT I LOVED IT - GIVES ME A FIGHTING CHANCE!By CharlieWAs a lover of all strains of feline and the author of Vague Signs of Intelligent Life Other Wickedly Funny Fables for Adults, I was expecting a book of bizarre humor and didn't expect anything so mild and unoffensive as this work, but as I say, I loved it! The graphics are really fun and the narrative is camp and unpredictable, especially the episode about the cat firing humans, and doing so with the compassion and sensitivity we all expect from our little carnivorous friends. "Bob" the cat is one alpha dude and should not be messed with under any circumstances, particularly if you are a human being. This book is worth every can of tuna you had to deny your companion, be it animal, vegetable or otherwise, in order to spring for this book. I like humor...quirky, weird, marginally irreverent, and like this work, oddly relevant. So, just think of your bucks as a hairball and cough it up, readers, you'll be laughing all the way to the litter box.1 of 1 people found the following review helpful.
