They were the ones to help bring a new lover your way. A nice book but I had to throw it away.2 of 2 people found the following review helpful. Funny!By T. RomeroThis book is funny! Just the notion that I

could make my boyfriend my love slave is hysterical! Some of the spells have the right idea, but who would really want to be with someone that they had to put a spell on? That is something you have to constantly keep doing to keep it working. Relationships are hard enough without adding the up-keep of spellwork to it!
