Karen Wormald : How to Work Like a Cat: Walking With Confidence Through a Dog-Eat-Dog World before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Work Like a Cat: Walking With Confidence Through a Dog-Eat-Dog World:

13 of 13 people found the following review helpful. Great gift for all cat lovers and those who work like cats! By New England Native We loved this book, it contains funny insights to the workaday life and how 'working like a cat' can help you cope. I opened the book to the 'Hairballs are not meant to be kept inside' page and laughed out loud. This would make a great gift for any cat lover or just someone who works in the corporate world. It makes you think about whether you, 'work like a cat' or 'work like a dog'. This would make a great stocking stuffer! 7 of 7 people found the following review helpful. HOW TO WORK LIKE A CAT By Michele Louise Hawley I'm tired of being the over-worked, enthusiastic "dog" of my company while other employees have all the time in world to flit the day away with talking sports, politics, sports, politics, sports, weather, sports... I've actually tried some of the methods Karen recommended in her new book this past week... and IT REALLY WORKS! Thanks Karen! 0 of 0 people found the following review helpful. Lol. By Christopher Hastings As described in the info. Thank you so much, I got exactly what I asked and hoped for. I read it the day it arrived, it's funny, true and creative. If you love cats and like funny books, I'd recommend it a lot.

In most jobs, you're expected to work like a dog--show boundless enthusiasm for any dull and pointless task you're assigned; act thrilled with any meager reward that's tossed your way; play nice with other dogs; and never question the leader of the pack. For your own sanity, you need to wise up and end this ridiculous canine charade. Cats have it all figured out. They live by their own rules. They refuse to be ignored. They're self-assured and serene. This humorous book helps readers learn to work like a cat instead of a dog, urging readers to break free of the leash and leap up the workplace ladder.
