again will answer that question for you, and THE ANSWER WILL SURPRISE YOU! :)

Another volume from the first major bible to be written in 1300 years and the first holy book of the everyday, ever, to affirm omnimodal polypossibility and omnisexual polyamoria for the authentik human being, Homo adrians paradoxes. This volume focuses especially on omnisexual polyamoria and shows how everyone's sexuality is complex and fluid and joyous and extends far beyond our male-female, procreative, and coupledness notions. With this book, heterosexuals, bisexuals, and homosexuals no longer exist. There are only humansexuals; and you are one of them!
