Christopher Hart : Humongous Book of Cartooning before purchasing it in order to gage whether or not it would be worth my time, and all praised Humongous Book of Cartooning:

2 of 2 people found the following review helpful. Another Hart winner!By B. PearceChristopher Hart is the cartoon guru and his books are easy to follow, and have a lot of great information in them. I own several of his books and wouldn't hesitate to recommend this book, or any of his other books to anyone who is interested in the art of cartooning.1 of 1 people found the following review helpful. Absolutely fantastic.By J. SkinnerMy 6 young children (ages 12 to 3) and I have all had fun with this book. In fact, everyone in my family keeps passing it around and I have a hard time finding it when I want to use it, so I purchase 2 more of Christopher Hart's book to keep for my self, and the kids get this one to use. The book has allowed me to re-find a love in art that I lost 20 years ago as a child. You will not be disappointed in the purchase.1 of 1 people found the following review helpful. Just add some paper and pencils and you are ready to draw something silly and make someone smile.By dutchw48This book truly is humongous! Couldn't they find any thicker paper?Aside from that...Christopher Hart is wonderful!This book is

wonderful! Just add some paper and pencils and you are ready to draw something silly and make someone smile. To quote Arnold Schwarzenegger, "DO IT!"

Chris Hart's Humongous Book of Cartooning is a great value book covering everything the beginner needs to master cartooning. It teaches how to draw cartoon people, fantasy characters, layouts, background design and much more. This latest cartoon title from Chris Hart, the world's bestselling author of drawing and cartooning books, packs a wallop. It's the cartooning book that has it all: cartoon people, animals, retro-style "toons", funny robots (no one has ever done cartoon robots in a how-to book before, and movies like "Wall-E" and "Robots" were smash hits and prove their appeal), fantasy characters and even sections on cartoon costumes, character design, and cartoon backgrounds and composition. The Humongous Book of Cartooning is humongous, not only because it's so big, but also because it includes a huge amount of original eye-catching characters and copious visual "side hints" that Chris is famous for. There is more actual instruction in this book than in any other of Chris' cartooning titles. In short, if you want to know how to draw cartoons, Chris Hart's Humongous Book of Cartooning is for you.

About the Author CHRISTOPHER HART is the world's bestselling author of drawing and cartooning books. His books have sold more than 7.4 million copies and have been translated into 20 languages. Renowned for up-to-the-minute content and easy-to-follow steps, all of Hart's books have become staples for a new generation of aspiring artists and professionals, and they have been selected by the American Library Association for special notice.
