J. Patrick Brown : Hungover Owls before purchasing it in order to gage whether or not it would be worth my time, and all praised Hungover Owls:

0 of 0 people found the following review helpful. Does it feel like there's a pellet in your skullBy Reviewing WombatDid you have a few too many mouse shots at the Owl Bar last night? Does it feel like there's a pellet in your skull? These owls feel your pain.1 of 1 people found the following review helpful. Nice CalendarBy J. HummelNice calendar. Not quite what I was expecting size wise (larger) but I love the owl pictures and humor regardless.1 of 2 people found the following review helpful. Perfect for a college studentBy SergioI found this and immediately thought of my brother, a 20-year-old college student. Now, anytime he looks to check the date, he cannot keep from laughing. It's a great anytime gift!

Who knew that owls and hangovers went together as well as rum and coke? The Hungover Owls Tumblr took the Internet by storm as journalist J. Patrick Brown united the two for the first time. Brown's hilarious, crude, and sometimes not-safe-for-work captions, combined with photos of owls squinting, gawking, snuggling, and sleeping make the perfect partnership. This book includes never-before-seen owl facts, parables, and a field guide for recognizing your very own hungover owl. With captions like "Ugh. The good weather only makes it so much worse" and "On a scale from zero to hungover, I am dead," drinkers everywhere will recognize their own forgotten pain and delight in its humor.

About the Author J. Patrick Brown was raised in New Orleans, where he learned the city mantra of "drink, regret, reflect, repeat." He resides in the Greater Boston area, where he is associate editor for the local alt-weekly *The Weekly Dig* as well as the publisher of the Tumblr blog Hungover Owls.
