**Stephen Colbert : I Am America (And So Can You!)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised I Am America (And So Can You!):

3 of 3 people found the following review helpful. I Did Enjoy (And You Will Too!) By Haree Lofhis I Am America (And So Can You!) will astonish you. This book is as hilarious insightful as Stephen Colbert himself. Stephen Colbert is a national treasure, highlighting both the ridiculousness of all things politics and the dichotomy of moral right and wrong. In "I Am America (And So Can You)", Colbert shines doing what he does best: Explaining political concepts to uninformed readers while mocking and chiding the politicians who keep them in the dark. This book arrived fast and I was finished reading by the time the clock struck 1. I literally could not put this book down to eat. The binding on this book is beautiful, with a shiny velvet-red finish on the page-ends and a ribbon emblazoned with \* First Edition \* to mark your progress through this wonder of a book. The outside bindings are a beautiful red-white-and-blue

themed menagerie and the heel of the book is engraved in bold lettering. The book throughout is filled with wonderful illustrations and images that fit the theme and style of the book and give it an overall cohesiveness that is shocking well built for a comedy book. However, Stephen Colbert has been constantly surprising us with his know-how and insight since his early career on the Daily Show. I am completely satisfied with this book, the shipping, and the content itself. Stephen Colbert has churned out another masterful book from his wonderful comedic mind and the word is a funnier, better, more politically informed place for it. Four Stars.3 of 3 people found the following review helpful. ITS SC!!By Carolina SWhat can I say? Its SC!!!1 of 1 people found the following review helpful. A disappointment. I enjoy his showBy GHA disappointment. I enjoy his show, but the book felt empty. I'm sorry, maybe just me. I only read a few pages...

I AM AMERICA (AND SO CAN YOU!) is Stephen Colbert's attempt to wedge his brain between hardback covers. In plain conversational language, not to mention the occasional grunt and/or whistle, Stephen explains his take on the most pressing concerns of our culture: Faith, Family, Politics...Hygiene.

From Publishers WeeklyStarred . As this audiobook opens with patriotic drums rolling, Colbert launches into his introduction, his delivery reminiscent of a sergeant firing up the troops before battle. America is under siege, he declares. And the enemy? The liberal media, Hollywood, heirloom tomatoes and, yes, even baby carrots, which he says are trying to turn me gay. That's the Truth as Colbert sees it, and this audio, as well-produced as an episode of The Colbert Report, is the perfect vehicle for his off-the-cuff (and off-the-wall) humor. A mariachi band plays as Colbert advocates building a 2,000-mile-long wall between the U.S. and Mexico, and spooky music underscores his future opinions (Just because something is unknowable doesn't mean I don't have some strong opinions about it). Periodically, other readers chime in for the Stephen Speaks for Me segments, expertly embodying such characters as God, an old spinster and an overzealous football fan. Those who can't get enough of the Report will savor this savvy satire, including the packaging—which bears a hilarious illustration of Colbert as the Hulk. Copyright © Reed Business Information, a division of Reed Elsevier Inc. All rights reserved.From BooklistThe funnyman host of Comedy Central's The Colbert Report rants about things that are wrong with America, offering his "knee jerk beliefs" on everything from the liberal media to environmentalists. If we continue to secularize Christmas, he screeches, former carolers will become wandering, alcoholic bums, and insects will grow into giant, munching minivans. He advocates legalizing performance-enhancing drugs for athletes, since sports are entertainment. Taking on a blowhard persona, he attacks atheists—how could a god exist who created a group that so pisses him off? Atheists are more hated than gays, to whom we at least entrust our hair. Interspersed with Colbert's shrill tirades are the voices of other characters, notably the more modulated tones of God, who claims to be fair since he does not intercede in the outcome of sports on which he bets. Patriotic drums, a mariachi band, and other music accompanies this hilarious audio. Colbert fans will approve. --Whitney Scott I Am America (And So Can You!) is available both as a book and as a recording read by the author -- each serving as yin to the other's yang. Why try to imagine Colbert speaking the words on the page when, for a few dollars more, you can actually experience it??Audio FileStephen Colbert's I Am America (And So Can You), narrated by Colbert with Paul Dinello, Kevin Dorff, Greg Hollimon, Evie McGee, David Pasquesi, Allison Silverman, Brian Stack and Jon Stewart and published by Hachette Audio. ?Print This
