Wonderful pictures, but there are problems with the kindle version...By RikiWonderful pictures, but there are problems with the kindle version...the full book is only visible when holding the kindle in landscape mode. When holding it in portrait viewing position, a fair number of pages appear to be blankThe other problem is with the video segments attached towards the end of the book. I was unable to get ANY of them to play on my kindle. I've seen some of them online and they're so cute, but the attached videos with the kindle edition are very disappointing., please clean up the kindle version or release an updated version that actually plays the embedded videos, please?0 of 0 people found the following review helpful. Great bookBy Albert WashingtonI recommend this book not only to Maru's fans but also to anyone who is an animal lover. The book is nicely done (good size, beautiful pictures, imaginative captions, etc.). This book shows an animal who is loved and respected; Maru's personality shines through. There are pictures in it I didn't see on Maru's blog (for example, Maru on a bullet train/Shinkansen - he looked like he was in a space capsule!). As previous reviewers wrote, it is a must for those who read Maru's blog and great as an introduction to Maru.I purchased one copy in the springtime for myself. Recently, I have purchased three additional copies (for my nieces who cannot have pets and for my co-worker). I think the book is perfect for waiting rooms of doctors, dentists, etc. You cannot stop smiling at the pictures. Considering the excellent quality of the book, the price is low.0 of 0 people found the following review helpful. What's not to love about MaruBy Carolyn J.I'm a big fan of Maru and how could you not be if you have seen his many youtube videos. He's just hilarious with his box fetish and how he thinks he can fit into any size box. He is more than willing and appears to enjoy posing for any photo opportunity. His round little face is just adorable. Every time I see him on a video it makes me smile and you just gotta love the outfits he sometimes is in such as his rain coat with hood when he was walking

around in the snow. Although the book couldn't compare to what are on youtube videos, the photos in the book are top notch. Thank you to mugumogu.
