The pictures reminded me of all our female struggle and the captions paired perfectly with each picture. After she and I laughed so hard when I gave it to her, I thought how often does something make you laugh out loud in public. I had to have a copy too. So this ones for me and its on my hutch for others to laugh and enjoy over coffee.0 of 0 people found the following review helpful. Everyday life may be rife with challenges for the modern woman, but she prevails with her hip humor and sassy sentiments. We may be invincible, but we are also tired. We may be quirky and stressed, but we also know how to live and love large. Here is a book that celebrates you in all your outrageous glory.Hardcover with full-color dust jacket72
