By Brian I actually bought this as a gift for a friend. I had read some of McManus' books a number of years ago and remembered how much I enjoyed them. This was a good opportunity to get three of the classics all in the same volume. I made the mistake of reading it before I gifted it, and suffice to say I had to find another gift to give; I didn't want to give it up. These are great. Buy them, read them, buy two if you want to give one away.

A great humorous book. 3 volumes in one
