His zany rhythmic poems appeal to my 5th grade students, but I certainly enjoy reading them aloud too!4 of 5 people found the following review helpful. Worth the space on your

book shelf! By Satisfied Mom My 8 year old boy LOVED this book of laugh out loud poetry. Ted Scheu writes with the sense of humor that kids really connect with. Giggles galore! What a great introduction to poetry! My son read the entire book in two nights at bedtime, completely unprovoked by me! He would often call me into the room to share the poems as he read them out loud. This book is certainly worth the space on your book shelf and would be a great addition to any classroom!

Freeze your mother! Learn new words from your dad! Trade your brother! Help your sister share her secrets! From the kid-like brain of one of the world's funniest poets for children, here's a family-full of dreams, screams, groans, and giggles. The fresh, honest voices lurking within these poems combine with eye-popping Peter Lourie photographs to endlessly tickle your gigglebone. You'll zoom through this collection before your mother even thaws!

I love this book! It's laugh-out-loud funny and also true to kids' lives. The photographs are great! --Jean Marzollo, author of the I Spy series They're clever, astute, and unfailingly funny. They are genuine, charming, and right on the money. You're certain to love these new poems from Scheu. Hip, hip, hooray for 'That Poetry Guy!' --Kenn Nesbitt, When the Teacher Isn't Looking About the Author Ted Scheu (rhymes with That Poetry Guy) is a widely-published author of poems for kids. In addition to his four collections of fun and funny poetry, (I Froze My Mother, I Tickled My Teachers, I Threw My Brother Out, and Now I Know My ZBCs), his work has appeared in numerous poetry anthologies in the US (Philomel and Meadowbrook Press) and in the UK (Macmillan, Scholastic, and Hodder Childrens Books). When he isn't writing, or playing outdoors with his family, Ted (a former naval officer and elementary teacher) can be found bounding around the world to schools, inspiring kids (like you!) to find their own writers voices. You can learn more about Ted, his books, his poems, and his school programs at his web site: www.poetryguy.com. Ted lives happily in Middlebury, Vermont.
