**Matthew DiBenedetti : I Hate Everyone** before purchasing it in order to gauge whether or not it would be worth my time, and all praised I Hate Everyone:

2 of 2 people found the following review helpful. Awesome! By we're all friends here This book is every bit as funny as the good reviews say! I bought it as part of my husband's Father's Day gift. He has a job working with lots of stupid people (who doesn't) and gets frustrated on a daily basis. This book was so funny and full of one-liners that had us both saying "Yeah! I hate that!" in agreement. He read it cover-to-cover and we laughed all day! I think this would be great for a road trip - to help jog your memory of funny stories to talk about and pass the time. This book was worth every penny! So glad I ordered it! 109 of 112 people found the following review helpful. I hate this book. By Fadi Tara I hate it. I hate authors. I hate reading. I hate turning pages. I hated the pictures. I hate when they put different prices on the price tag for different countries. I even hated the barcode. But I read the whole thing, then bought a copy for my friend. 4 of 4 people found the following review helpful. Now I won't stab people! By Mkir Some days are like this book! Some days I want to stab people, instead I read! This book has inspired me to not stab people. I work in retail, so that should explain it!

It's true: Misery does love company. But what kind of company can you keep if you can't stand anyone? This kind. No matter who they are or what they do that sets you off and gets you going, you'll find 'em inside. From rich people who are dicks to guys named Rich who go by Dick to those who are always cold to people who are just hot, no one is safe. But one thing is certain—everyone will find someone they equally despise. And you're gonna love it, period.

About the Author Matthew DiBenedetti redefines the term hater. As the author of this equal-opportunity tirade and the similarly spiteful *I Hate Everything*, he knows exactly what's up when it comes down to hating on everything and everyone. Matt lives and loathes in New Jersey.
