Jimmy Fallon, Gloria Fallon : I Hate This Place: The Pessimist's Guide to Life before purchasing it in order to gage whether or not it would be worth my time, and all praised I Hate This Place: The Pessimist's Guide to Life:

0 of 0 people found the following review helpful. Rampant New York Witticisms Astute ObservationsBy Ann A. Wilmer LaskyBeing a glass-half-empty type of person, I was immediately drawn to the title of this book. The fact that it was written by Jimmy Fallon and his sister Gloria didn't hurt, either. I've been a fan of Jimmy Fallon (and a FalPal) ever since his Late Night days when I couldn't fall asleep even after Jay Leno. I'm also a closet fan of Gloria Fallon. I like her attitude. I'm sure she is responsible for some of my favorite passages from this book. Her reflections of how things really are, have been absorbed, I'm sure, from breathing the strident air of New York. The illustrations by Howard Roberts are clever, cute and appropriate, My favorites are the mad hare and the grim reaper. Then there's the guy with the screw through his middle. Overall, the book is well-written and well-published.1 of 1 people found the following review helpful. Pessimism is on the riseBy Linda M. England-pobanzI saw this book and I like Jimmy Fallon. He's funny. I don't always see him on TV, but I love his books. I got one for my husband, my brother, and my daughter for Christmas, so they could laugh too.1 of 1 people found the following review helpful. Just received this in the mailBy Sharon C. ZurcherI was so excited to get this in the mail...If your a BIG fan of Jimmy Fallon ((Like I am) or even if your not you gonna love this book!! It's so funny! I laughed at every turn of the page!! Jimmy and his sister should really do another book

From the Grammy-nominated star of "Saturday Night Live" and his equally talented sister comes a delightfully cynical look at life through a half-full glass. Line art throughout.
