By Stephanie {Binkies and Briefcases} Guaranteed to make you laugh and have at least one story you see yourself and your husband in. It's so easy to relate to these very real women. 6 of 6 people found the following review helpful. Funny, and so easy to relate to. By English teacher I really enjoyed the first book and was not disappointed by the sequel. I am a huge fan of Bethany Meyer's blog. There is no other writer/mom who combines humor, honesty and sentimentality with such skill. I really appreciate Bethany's positive spin on all of the craziness in her life. With each new post, I am not sure if I am going to laugh or cry, or both, but I know I will love it. So it was Bethany's writing that brought me to this book. She doesn't disappoint and neither do the other writers. This is a fun read that lets you know that you are not the only one struggling through, and also reminds you why this life is so great. 6 of 6 people found the following review helpful. Did I lie? By Jennifer Warning: This book is not suitable for reading when lying in bed next to your sleeping hubby-- unless he likes being awakened by frequent bouts of giggles, guffaws, and snorts. (I found this out the hard way. Grumpy, sleepy hubby does not appreciate the hilarity of stories about men peeing and pooping their pants. So weird!!) From hemorrhoids to hands on dads to incredibly inopportune timing for checking items off the to do list, this book will have you in stitches from one essay to the next. I think I've found my new Go To gift for every future bridal shower!!

The second volume in the best-selling *I Just Want to Pee Alone* series! Don't get us wrong, we love the men in our lives – we do (most of the time). It's just that sometimes we would like them to go away. Not forever or anything like that. Just for an hour ... or a day ... or a weekend. We want some time to ourselves to read a good book or take a walk or do anything other than try to make a dent in the never ending mound of dirty clothes that keeps piling up on his side of the bed. We just want to be alone. All alone. Is that too much to ask? *I Just Want to Be Alone* is a collection of humorous essays from 37 of the most Super Cool Lady Writers you'll find on the web. Including: *People I Want to Punch in the Throat*, *Baby Sideburns*, *A.K. Turner*, *My Husband Ate All My Ice Cream*, and *Bad Parenting Moments*. Read hilarious essays like: *Open Letter To My Son (Or: Your Mother's Top 10 List of Ways Not to Be a Douchebag Husband)*, *Exploding With Love*, *Literally Romance is Overrated*, *Life With the Thin Guy*, *Dear Magnolia*, *Should I Marry This Man?*
