I think it would be a great book to give to someone who is in bed for awhile and needs something to read that isn't stressful or requiring thought...just enjoyment.0 of 0 people found the following review helpful. cried!!!0 of 1 people found the following review helpful. Southern humor for the middle class or anybody with classBy VickiI really enjoyed this book. I saw the two authors on "Bookmark" which is an Alabama public TV show about ... wait for it ... books!They were a lot of fun on the show and that translates to the book, which is a lot of fun to read.I hope they continue to work together on more great books! I'll certainly read them.

The grass is ablaze, the lawnmower blade dangles from a tree, and your frustrated husband is hiding in the garage. You (a) tell him you re going shopping, (b) ask him if everything s okay, or (c) sneak back into the house and pretend you didn t see him reading the instructions. Your wife says she s fine after an argument. You (a) assume she s fine, (b) go back to watching the game, or (c) duck and cover.If you don t know the answers to these questions, then this book is for you. Two of the South's funniest voices have come together to write this hilarious, heartfelt collection of essays about the nature of men and women. From keeping house to romance, from yard work to money, their fresh take on these common arguments will make you laugh out loud and maybe even instill a bit of insight when it comes to the opposite sex. Also covered are quite a few not-so-common squabbles, such as proper singing etiquette and hoarding mayonnaise jars.Written by best-selling humorist Melinda Rainey Thompson (SWAG: Southern Women Aging Gracefully and The SWAG Life) and award-winning magazine editor Morgan Murphy (Southern Living, Forbes, and Vanity Fair), I Love You - Now Hush is a pithy, gleeful read that encourages couples to laugh at their differences.
