Lots of drawingBy ScarletThis book is cute and my boyfriend and I have enjoyed it but be warned that there are lots of drawing activities and if you're not into that then you'll get bored with this quickly. I'm a sucky artist so I've been skipping over the drawing activities.

Grab a pen, your partner, and get ready for some fun! This activity book creates a fun way to spend some time with your partner. Part of a great relationship is learning about one another, sharing your thoughts, and doing fun activities together. What better way to do this than with *The Activity Book Meant to be Shared!* Whether you are just dating or have been married for 50 years, these fun games and drawing activities are sure to bring laughter to your day!
