The quotes are so sweet and Marty's illustrations are just PERFECT. My very favorite thing, though - is when my daughter "reads" the book to me (she's 3.5). Her interpretations of the illustrations (which are actually often pretty right on) make me just beam. We take turns reading it several times a week. We both love it so much! I want them all framed! ;)Can't wait to see more from Mr Bruckner!0 of 0 people found the following review

helpful. I make bad decisions when I see scissors!" By Scott Carr Simply the most relaxing funny book that you can't put down. Great to leave out for guests when they come over. The artist really makes the stories come to life as if you were really there when the kid makes the comment about mom's angry eyebrows or when the child gives a not so flattering compliment about mom's cooking. There are plenty of insights kids have on their dad too! Perfect gift for Mother's Day or Father's Day or virtually any occasion. I have several kid quotes I want to get to Marty so he can put them in his next book, like from my son... Why do football players wear diapers? Or from my daughter... "I make bad decisions when I see scissors!" I would love to see what he would draw! 0 of 0 people found the following review helpful. The perfect gift for kids and those who love them. By NM Do yourself a favor and get this book - heck, get several of them and share the love. If you are a Mom, a former pre-school teacher, or simply someone who loves kids and their humor, you will adore this book. (I happen to be all three, so... it's basically my new favorite thing.) The illustrations and interpretations are clever, witty, creative, heartwarming, and just downright FUN. A staple gift for any baby shower, kid's birthday party, or teacher appreciation. I'm already waiting for the second edition. ;)

We just can't get enough of the funny stuff kids say. We share our own children's gems with friends and family. If we're smart, we write down these scraps of accidental poetry. And we turn them into books. Martin Bruckner is an artist and father who not only recorded the sayings of his daughter, Harper, but used each as the inspiration for a work of art. After posting them on social media, Bruckner became the artist that other parents sought out to transform their own children's funny words into artwork. Collected here are 100 mini-posters of pure delight, a marriage of the children's surprising wisdom and the artist's nimble style, plus the occasional backstory that amplifies both. Every parent will recognize the spirited declarations of personality—"I'm training to be a wolf." The endearing mangling of language—"Mommy, I don't need your mouth to talk to me right now." The creative mixing of metaphors—"I need a tissue to wipe my feelings." Those precious, heartbreaking outbursts without guile or filters—"I only love you at the toy store." Illustrated with sweetness and whimsy, each is a window into the irresistible innocence of childhood, even if the sentiment is "Dad, please wipe the bum of this beautiful princess."

"The book is both touching and hilarious." — Real Simple "Perfectly delightful." — Geek Dad
