Dilbert is the cartoon world's Office Space, a cubicle eye view of the real workplace! What do the arts of yoga, feng shui, and Irish dance have in common? They can't save you from a gnawing dissatisfaction with your job. Luckily, our favorite office cog has a few tricks up his sleeve. Armed with a wearable brain stimulator and ingestible nanorobots, Dilbert discovers how to outpace stress, boredom, and sitting-induced early death. He may be a cyborg with a fake

personality, but meetings are more tolerable than ever
