I included it in a first trimester care package for a good friend of mine but peeked through it before giving it to her. It made me laugh and made light of some awkward and embarrassing moments that every pregnant woman is bound to face at some point. Very relatable!3 of 3 people found the following review helpful. (Mommy Nearest)About the AuthorNorwegian illustrator and animator Line Severinsen lives in Bergen, Norway. When she was pregnant with her daughter, she became very sick for the first three months and between throwing up and dealing with inconsiderate people, Line decided to start drawing cartoons to make light of the situation. Within a month of bringing her cartoons to her blog (www.kosogkaos.no), she was asked by a Norwegian magazine to make a monthly comic strip for them. Her blog went viral in 2015 and since then, her work has been featured in more than 200 online magazines and newspapers, all over the world.
