Tacky and demeaning to womenBy CustomerWe thought this would be fun but found it to be just tacky PMS, Period, and insulting women jokes. It's like listening to a bunch of old men complain about their wife mood and sex lives. I expected more class and creativity from Carol Lynn Pearson.0 of 0 people found the following review helpful. Male menopause is a lot more fun than female menopause. With female menopause you gain weight and get hot flashes. With male menopause, you get to date young girls and drive motorcycles. -Rita Rudner
