?It was too outrageous to be believable but...maybe true. We saw him at Mohegan Sun.0 of 0 people found the

wonder if he actually went through this ordeal. I am amazed that he has a sense of humor after all that.0 of 0 people

book to read. It wasn't written as a typical self help book.

I wasn't planning on trying to let myself out of the exit door of the airplane, especially while it was still on the tarmac.  
It was just one of those spur of the moment things you regret later. When the police were escorting me from the plane I  
realized I may have overreacted. That's how my novel, "I'm still Aggravated but at Least I Didn't Kill Anybody"  
begins. A hysterical look at one man's losing battle with anger management.
