Mike Merrill : Idiot-in-Chief: How to Lie, Cheat Steal The Election before purchasing it in order to gage whether or not it would be worth my time, and all praised Idiot-in-Chief: How to Lie, Cheat Steal The Election:

Mr Merrill exposes some of the underhanded, unethical and probably illegal tactics of Obama's regime, with just enough humor to cause laughter and saddness simultaneously. For some reason, the media has not reported on most of these events. The book is not

outrageous... the events it exposes are outrageous! Surely it will be banned before it becomes a best seller. Republicans and ex-Republicans should read this if they want to win an election any time soon -they dont know what they're up against!1 of 1 people found the following review helpful. Hits the Nail on the Head!!!By WVU GIRLThis tongue-in-cheek account of the self-proclaimed 'Fourth Best President Ever' hits the nail on the head! The writing is spot-on and the cartoons are great. My favorite is "When Your Terrorist Buddies Visit the White House, Keep Them Off the Official Guest List." It's a quick, easy read guaranteed to make you laugh -- unless you're a liberal -- and then the truth hurts.1 of 1 people found the following review helpful. Laugh until you cry...Then Cry until you laugh.By Lawrence MoonNew Zealand loves Barack Obama. Anyone buying enough wool to pull over the eyes of (311,000,000 X 2) people is a pretty attractive customer. Thank God for the humorous prism. Without it, anger management might not be possible.

The secret of success has a new rule book, tested and proven from the streets of Chicago all the way to the White House. You don't need executive experience or integrity, and you don't have to waste years working your way up the ladder. Hard work and responsibility are no longer required. You just need to lie convincingly, pay off your supporters, and avoid responsibility at all costs. *Idiot-in-Chief: How to Lie, Cheat Steal the Election* offers stunningly simple ways to hoodwink voters and sidestep the Constitution—all while passing the buck for anything and everything. Topics include: - Promise Anything to Get Elected - Make Sure Your Documents Are Forged Well in Advance - If You Can't Find Their Dirty Laundry, Invent It - Carefully Stage Impromptu Photo Ops - Put Off Tough Decisions Until After the Next Election - Announce Prime Time Speeches When You Have Nothing to Say - Always Pay Off Your Bookies and Your Bundlers - Never Put a Plan on Paper—Just give Speeches - When In Doubt—Waffle - Always Find Someone's Ass to Kick - Say Anything to Get Re-elected It's all about rewarding your supporters, punishing your opponents, and living large at the public trough. Not since *Rules for Radicals* has there been such a simple blueprint for grabbing power, sticking it to the taxpayers and relentlessly passing the buck.
