What a great book for the believer, even the non-believer to help clarify what it means to be a Christian and what it doesn't mean. Whether reading this book for enjoyment or using it

This book hits home. Christians are only human and sometimes we don't behave as well as we should. Bobby Weaver has a way of pointing this out that makes his point with humor and clarity. While I could say that I recognized several of my fellow Christians in this insightful book, I'd have to admit I showed up more times that I care to admit. This book should be on every Christian's bookshelf. I highly recommend it. 2 of 2 people found the following review helpful. This book tells us all what we really need to hear and be reminded of...

What a excellent book this will make, when used in our Sunday School Classes, our Weekly Church Bible Studies, in our Small Groups. And even if your not involved in any of that, this book is a wonderful, refreshingly, honest...sometimes too honest... thought provoking read, that addresses "the christian" hypocrite behavior. And this is the perfect book for those who have begun to realize, that "there just has to be something more for their lives than this" (usually called the seekers)...because what they are doing isn't working very well..if at all. I challenge all of you whether you are a christian or not (atleast maybe not right now anyway)..smiley face goes here... to read this book, because it is a real life altering experience that will change your life forever for all eternity....This book will make a great gift for ourselves and for others in our lives... A pastor in North Carolina leads his congregation to vote nine members out of the church. According to him their sin was voting for the wrong man in the presidential election. Two competing churches in Florida put up opposing billboards. One declares, There ain t no hell! The other counters with, The hell there ain t! A young man following a car with a Honk If You Love Jesus bumper sticker, honks his horn and gets the middle finger from the driver. These are just a few actual examples that have led me to believe that some of us must interpret the Great Commission like this: Go into the world and scare off as many people from the Christian faith as we possibly can. Let s face it, when it comes to spreading the Gospel, we can often be our own worst enemy. The tension could not have been higher as the National Church Association prepared to crown one excuse as the king...the most glamorous and most used excuse for dismissing Christianity. The winner is found in Chapter.... In his book, *If it Weren't for Us Christians*, Bobby Weaver takes an honest look at himself and the Christian community to examine a few misguided attempts at the Great Commission. Without trying to be overly preachy, the author has taken a candid approach to suggest Christians rethink their witness while being a witness.

This book is about all the innocent, unintended mistakes we make as Christians that end up offending and running off people who may be considering the Christian faith. It contains hundreds of true examples of "incidents" that actually scare people away from Christianity. --Anita S., Kansas  
About the Author  
From opening nearly 1,000 retail stores to starting a national newspaper chain, Bobby Weaver seemed to have it all...with one possible exception...a relationship with God. You see, Bobby was on a wrong-way journey when God had another idea and used the most unlikely fellow to help. Would you believe Howard Stern? Yes, the radio shock jock. It was the middle of October in 1996 when Bobby told Howard on a live radio show that you and every Yankee fan in New York City are the rudest people on the planet! But, believe it or not, it was Howards response that ended up totally revolutionizing Bobbys life. You will have to read the book to find out the game-changing five words that Howard yelled at Bobby that day. And a few months later in February of 1997, Bobby let go and let God, never to look back.
