Karen Ngo has a knack for taking photos at the exact moment, just when the the pup is striking the perfect pose for its character, (for instance, the winking genie, the haughty matador, the confident Elvis!) Every page has a new "aw" inspiring photo (or two) that will shift your mood on any day. This book would be a nice addition to any coffee table, library, waiting room, daycare, hospital, etc. Buy it and see! 0 of 0 people found the following review helpful. Three Stars By Virginia A. Sheehan Cute 0 of 0 people found the following review helpful. A bit disappointing By Melody Songbird I love the picture on the cover and I am disappointed with the quality of the pictures inside. It's a cute idea and a cute name.

Hilarious, charming, and inventive, INDOGNITO is Karen Ngo's visual treat for today's breed of dog lovers. A whimsical collection of stylishly photographed dog portraits, it affectionately embraces the quirky spirit of the

primped pooch. Including humorous quotations, this book is sure to delight and inspire dog-lovers of every age!
