worst enemy instead of our friend. This is a great, funny collection of some of those screenshots you'll find on the internet. It's an easy, quick read that will have you laughing out loud on every page, and you'll struggle to decide which mess up is your favorite. Tears in your eyes and your stomach in pain, when you reach the end of this book, you'll be sad. But fear not because the author has for sale S#\*t People Text 2. There are also other books about autocorrect mess ups, and you can always find these mistakes online, but the benefit to buying a book like this is guaranteeing you'll have a collection of the best of the best right on your Kindle or tablet you can easily pull up at any time. 4 of 4 people found the following review helpful. LmaoBy Mark Couldn't stop laughing, you have to read this stupid book, I was filling on the floor laughing my ass off!!! 0 of 0 people found the following review helpful. Just a regurgitation of internet memesBy Tiffany A. Harkleroad There is nothing original here, this is simply a compilation of already existing internet memes. Those memes were funny, the first time I read them, on Facebook, a year ago. Now, they are old and stale. I would have liked this book a lot more if there was some fresh material in it. We can read whole websites and tumblr accounts of this kind of thing for free, why would we ever buy a book to do it?

Do you need a really, REALLY good laugh? If so, then you've come to the right place my friend. Text messaging is the ultimate form of communication these days and you won't believe how some people abuse the privilege. But no worries, that's exactly why this book exists - to show you the gloriously hilarious things that can happen when modern technology meets modern (yet confounded) humans. Whether it's clueless parents who don't know how to use their smartphones (comedy gold!), or bored, yet clever teens that want to mess around with their friends, this book does not discriminate. If it is real, if it is bizarre, and most importantly, it s#\*t-in-your-pants funny, then this book has it! Here are just a few of the gems you will find inside: Son: "Hey Dad, remember when I killed that butterfly and you said 'no butter for a week?'" Father: "Yeah?" Son: "And when I killed that honeybee you said 'no honey for a week?'" Father: "Yeah, that was a month ago, so what?" Son: "Mom just killed a cockroach, should I break it to her?" Father: "..."  
----- Friend 1: Whats your street name? Friend 2: Lil Marco Friend 1: You live on a street named Lil Marco? Friend 2: .oh, you wanted me street address? So "treat-yo-self" to a good laugh, a good time, and a brighter day! You deserve it! Parents take caution - this book contains humor that is NOT suitable for children.
