I remember me and my cousin spending an hour in the book store reading the jokes, for some reason our 13 year old brains didn't think 11.00 was a good price. but now at 31 I felt 2 bucks was about right. But with gems like: "your momma so fat when i got on top of her my ears popped." and "you so stupid on a job application where it said sign here you wrote Aquarius." How could you not want to add this to your reading nook?? 0 of 0 people found the following review helpful. Snaps is the first book ever to present the funniest, rudes, most creative insults from a unique African-American comic art form. Also known as signifying, joning, and playing the dozens, snapping is as old as the blues and as cutting-edge as hip hop and rap. The book features more than 450 snaps direct from the streets as well as from celebrities. This book will make you laugh out loud--and give you verbal ammunition for the next time someone tries to snap on you.

From the AuthorMonteria and I (Stephan Dweck) created our three snap books to be real and authentic. Our books are a tribute to all of our friends and homeboys we grew up with snapping all day, on the park bench, at the NYC Fredrick Douglas Houses. Snaps, Double Snaps and Triple Snaps, truly represents the true art of verbal warfare found in any hood.
