**From Running Press Staff : So Bjored: The Inner Thoughts of Unimpressed Tots** before purchasing it in order to gage whether or not it would be worth my time, and all praised So Bjored: The Inner Thoughts of Unimpressed Tots:

0 of 0 people found the following review helpful. Not sure what angle this book was trying to takeBy Alex SharpI only bought this as an add-on to qualify for free shipping so I'll give it 1 star for successfully filling my shopping basket.Otherwise this might be the worst collecting of pictures and words out there. I can't imagine a person finding it humorous. The pictures aren't too unique or funny alone, and the sayings aren't the least bit clever/funny/ or even that relevant to the picture.0 of 0 people found the following review helpful. Good for some laughsBy Ferrari FloydSaw this for \$1, so I said why not. Title seemed interesting enough. Some are kind of towards the cheesy side but many are pretty funny. I think adults would get the biggest kick out of this book. Great for having some people over for drinks and laughs.

Wee EnnuiUnbeknownst to their parents and caregivers, today's babies have become disillusioned with the predictable and uninspired world around them. Their honest observations and opinions on life haven't been heard (since these babes can't talk!)—until now. So Bjored reveals what they are really thinking. Featuring more than 75 full-color photographs of adorable tots paired with irreverent captions from the babies themselves, this amusing collection provides tons of laughs and new insight into the minds of our sweet little pumpkins—who are sometimes sarcastic,

often judgmental, and always wise beyond their months!
