William J. Cone : So You're Retiring . . . A Guy's Guide to Being at Home before purchasing it in order to gage whether or not it would be worth my time, and all praised So You're Retiring . . . A Guy's Guide to Being at Home:

0 of 0 people found the following review helpful. A great little book, and a great gift!By Terence SmithThis is a wonderful little book, full of humor and commonsense wisdom. I was given a copy of it when I retired, and I have since given copies to two others who were retiring. While most guys with any degree of sensitivity and awareness will figure out much of this stuff on their own, I guarantee that any guy will find some things here to consider as he enters

the world of retirement.0 of 0 people found the following review helpful. Easy Read -- Good AdviceBy Mr. RobBought as gift. Good feedback. Lighthearted advice and insight. Not a life altering book, just a pleasant attempt to ease into a new life stage. Probably saves marriages.2 of 2 people found the following review helpful. not retiredBy Nicholas A. Danna IIIgood read on how to live with your wife in retirement or just a day off!!!

What are those white metal things in the basement or utility room? Wherever. Learn that these items are the washer and dryer. The dials look complicated. I still think they are even after using them. But learning new things is supposed to help prevent Alzheimer's. Your wife can teach you. You can learn the correct amount of soap and bleach to use and which settings to dial. Remember, though, if you don't pay attention, you may "suds" the entire area. Learn about separating colors and whites. Don't wash the dog towels with your dishtowels. Don't wash either one with your bath and face towels. So You're Retiring: A Guy's Guide to Being at Home is a much-needed instruction book for the retiree and his partner. It is humorous, irreverent and practical. Many wives will welcome the help provided. It is a perfect gift for anyone who is retired or is about the retire. Enjoy! William J. Cone is a retired (unemployed) Ob/Gyn physician. He has had essays, critiques and profiles published in several magazines. He enjoys writing, reading, gardening, playing tennis and collecting first editions.
