My boss is obsessed with sock monkey's and I bought this on a total whim. She was crying from laughing so hard. SO BEYOND fantastic. Funny for anyone who like sock monkey's or just super wry ridiculously awesome humor. I LOVED IT. 4 of 4 people found the following review helpful. Charming. Clever. Hilarious. By B. Schmidt The UPS truck hadn't pulled away from the curb before I was sitting down to page through this latest book of Greg Stones art. Was really looking forward to it -- and was not disappointed. I laughed, I giggled, I chuckled. I awwwww'ed. And I guffawed a couple of times, too. Sock Monkeys is charming and clever and just might be my favorite. (Buy at least 2. You're going to want to share.) 0 of 0 people found the following review helpful. Sock monkeys have issues is a fantastic little book. By CherilovesJesus Sock monkeys have issues is a wonderful little book. It's well-constructed and fantastic illustrations along with simple word captions for each scene. I believe that this book is for all ages. The price point is outstanding the delivery was fast and I'm very satisfied. I definitely recommend this book for anyone whether you have been a longtime fan of sock monkeys or just want a fun little book. I highly recommend this little book.

Sock Monkeys have issues with moths. They also have trouble with pterodactyls, home improvement projects, kittens (who tend to unravel them), and paparazzi. They really like bananas, jet packs, sock puppies, and romance, but have MAJOR issues with clowns, embarrassing relatives (King Kong), and gym socks. Through it all, they really adore one thing. Author of the breakout hit *Zombies Hate Stuff*, Greg Stones turns his popular, playfully absurd illustration style and subversive humor to the lovable but issue-fraught world of sock monkeys, detailing their inner lives and misadventures with a playful wit that will appeal to cheeky monkeys of all ages.
