Both books are written in a playful style, but there are some hints of seriousness thrown in for good measure. 2 of 2 people found the following review helpful. For Chess Lovers By Chris Frost A short, but nonetheless amusing collection of stories for the chess enthusiast. If you are tired of

all the dry technical manuals on openings, tactics, strategy, etc, then pick this one up. It won't improve your game in the least, but it will make you laugh.3 of 3 people found the following review helpful. Funny,but sometimes too funnyBy A CustomerThis book is unique.It's the perfect remedy for chess boredom.The only problems are:some of it is too weird,and, after a while,some of the jokes seem stupid instead of funny.
