The only reason to watch the Food NetworkBy Scott FienFun, simple and unpretentious. That's "Something Tastes Funny" and the television show that spawned it, Food TV's "How to Boil Water." Everything that network no longer is. Sean, we miss ya ... get back into the kitchen!0 of 0 people found the following review helpful. A fabulous cookbook for everyone!By A CustomerAlthough this cookbook doesn't market itself as a vegetarian cookbook, it practically is! There are tons of fast and easy veggie recipies, like Tofu Cacciatore. I highly recommend this book (I took it out of the library and now must own it!)

The host of the TV Food Network's popular "How to Boil Water" sprinkles the more than 120 recipes in this inventive, entertaining cookbook with a generous pinch of his trademark caustic wit and engaging anecdotes to make cooking a wide range of dishes--from appetizers to desserts--palatable for even the most fledging cook.
