Brings back fond memories of my old dog...lolBy jodi payneI was given this book as a gift and I laughed as soon as I saw the expression of the dog on the cover and the title!! The short letters from the dogs to their owners are funny and gives a sense of what the dog would really say if he could talk! My favorite one is of the dog who was getting in trouble for actually humping on legs...hysterical!! Brings back fond memories of my childhood Poodle who would attempt to hump the leg of any human who dared to get within range!! All the photos are great and really go with each accompanying letter. I will definitely have to buy a couple of copies to give as gifts to friends this Holiday Season!! Perfect follow up to the authors other great doggie humor book "Sorry I Pooped In Your Shoe" and the perfect gift for any dog lover!!0 of 0 people found the following review helpful. Another hilarious "Sorry I..." book from Jeremy GreenbergBy JessieS.Another friggin hilarious book from Jeremy Greenberg. I seriously love these

books so much. I did have to explain what "humping" was to my 8-year-old, but hey, no biggie. :) I feel like these books are a fun accompaniment to the many online pet celebrities like Grumpy Cat. This book would be great for dog lovers but really any animal lover. The format is very fun and accessible for all ages!

Comedian Jeremy Greenberg is at it again with another hilarious collection of full-color photos and apologetic letters from dogs to the people who love them—no matter what bad thing they've done! The bestselling author who brought you *Sorry I Pooped in Your Shoe* and *Sorry I Slept on Your Face* presents a new collection of hilarious letters from over-enthusiastic, manners-challenged dogs paired with painfully cute photographs. Gronk apologizes for his passion, but he honestly thought humping your leg would bring you closer. Ladybug just wants to help you with your nature photography, so she selflessly alerts you to any nearby skunks. Truman was just trying to help you save face when he licked the carving board at Thanksgiving—the embarrassment of a leaky turkey would surely bring you nothing but shame for years. He does taste the tarragon. *Sorry I Humped Your Leg* contains letters from well-meaning pooches who go above and beyond for you. From escaping every enclosure you can dream up in order to spend more time together to helpfully licking the toilet bowl clean, these pups aim to please.
