Silly, great for a new parentBy Meaghan norbyI bought this book before I had my first kid and my second child is now 3 years old and I recently found it again and re-read it. I laughed out loud at everything in it. It's all so true. A must buy for new parents!!0 of 0 people found the following review helpful. Hilarious bookBy DustinThis is a hilarious book from the perspective of toddlers. For me as a parent, most of these situations hit home. The only negative is that there is a letter that involves toddlers using bad language that puts this in the PG-13 category, so just make sure this is OK for whoever receives this if it is a gift. Otherwise, a great unique book!4 of 4 people found the following review helpful. The best Present for MomBy bigrob70I gave this book to my wife on mothers day and we sat around the breakfast table for 2 hours laughing till we cried,it stands time still for that little while and helps you appreciate the most important people in your life. Huge thumbs up!

If you love the hilarious E*TRADE baby commercials, then this hilarious collection of mock letters to mommy written from the perspective of more than 50 precocious toddlers is the book for you!Wouldn't you love to know what your toddler's thinking when he refuses to stop jumping on the couch? Jeremy Greenberg's hilarious and thoughtful letters give parents a glimpse into the minds of their little ones. Finally, we can hear "first person" how a kid really isn't

fooled by broccoli buried in cheese, how he'd really appreciate it if he could start going down the slide by himself, or how he'd like to apologize for peeing on you during the two seconds it took for you to reach for a fresh diaper. From Daddy's latest four-letter vocab lessons to the dog's (not the toddler's) repeated milk dribbles on the carpet, this hilarious book answers a question every mother of a toddler wants to know: What in the world are they thinking?!
